1) Right Click on the CDC RS-232 Emulation Device and select update driver software

2) Select Browse my computer for driver software

3) Select the folder with the drivers in and install the driver
4) Open micromanger and from the Tools dropdown select Hardware configuration wizard

5) Select the Vincent-D1 device from the Hardware list and select the relevant COM port the MonoLED was installed on.

6) Once installed the Vincent-D1 can be controlled via the Device Properties Browser and shutter device.
